OUR STORY

It all began on an autumn day

On October 16, 2024, Corina and Vlad met at Camera din Față for a hot drink to counter the chilly air outside. Godmother Iulia was the mastermind behind the whole operation. Shocked to hear about Vlad’s plans to move abroad again, she hijacked them with an old trick. Who would have thought a set-up date would eventually lead to a marriage?

At first, things didn’t seem to sync up so well. Their work schedules ran on different time zones. One woke up at the crack of dawn and fell asleep early, while the other worked the opposite shift. We’ll let you guess which is which. Still, many lovely dates followed — they met each other’s families, and his friends became her friends, and vice versa. They learned to cook together. Vlad got a taste of medical conferences, and Corina attended chess tournaments (strictly as a spectator — to this day, she still doesn’t play chess).

After a period of careful deliberation, they decided to form a permanent team and moved in together. Vlad proposed to Corina on December 16, 2025, exactly one year and two months after their first date. Since the way to the heart is through the stomach, Vlad couldn’t help himself and slipped the ring on her finger right in the... kitchen. After a hospital shift. No photographers, no fanfare — just two people who love each other sincerely and decided to get married. The civil ceremony took place on June 19, 2026, in Arad, and the two now make up “The Ghiță Family.” Shall we write another chapter of the story on June 19, 2027?
